The LIBRARY is GETTING NEW CARPET!

You think moving is bad, just ask the Library staff how it's done... they are moving rock stars! Carpet has been removed throughout the first floor and the moving of the office area has begun in preparation for making needed structural repairs, getting the new carpet installed, moving everything back and then repeating the process as we move throughout the building... phew.

NORTH CIVIC CENTER ENTRANCE CLOSED For one day and one day only... Feb. 22nd *The Mall Area is Getting New Carpet Too*

Since it is sooo cold outside, crews are working inside! Moving of items in the Mall area will begin later this week. Mall carpet removal and replacement will begin Monday.

The work should be done by the end of next week, don't blink you might miss it ☺
